

Patent Number	Claim	Issue Date
D847,897	 The image contains four line drawings of a pair of safety glasses, arranged vertically. The top drawing is a top-down view showing the temples and the top of the lenses. The second drawing is a front view showing the full frame and lenses. The third drawing is a side view showing the profile of the frame and the hinge mechanism. The bottom drawing is a bottom-up view showing the underside of the frame and temples.	May 7, 2019
