IC 009: cables.

		4124682	IC 009: cables.
		7852153	IC 009: Cable connectors; Electric cables; electronics cables; telecommunications cables; connection cables; data cables; audio and video cables; Integrated circuits and semiconductors; recorded computer software for use as an interface between audio/video sources and audio/video repeater devices; recorded computer software for use as an interface between audio/video sources and audio/video monitors; recorded computer software interface for use in connecting, controlling and networking a wide variety of computer and communications hardware, consumer electronic devices, components, and peripherals; recorded computer software for controlling the operation of audio and video devices; computer hardware and peripherals; computer monitors; electric switches; telecommunications switches; television transmitters and receivers; satellite television receiving apparatus video recorders; audio-receivers, video-receivers and audio-video receivers; televisions; television monitors; computers; digital video recorders; video disc players; liquid crystal display (LCD) monitors; digital media streaming devices; television and video

		hardware, namely, wireless network repeaters; telecommunications equipment, namely, fiber optic repeaters; ethernet repeaters; transceivers; telecommunications equipment, namely, converters and optimizers; cable extenders, namely, connection cables for use as extenders.
	7108714	IC 035: Association services, namely, promoting the development and adoption of a voluntary digital interface specification that provides an interoperable method of connecting computer and communications hardware, consumer electronics devices, components, and peripherals; promoting the goods and services of others by conducting and administering a compliance program to recognize and promote system integrators and companies that sell certain technology compliant products; promoting the goods and services of others by conducting and administering a compliance program for participating members featuring tools, information, and opportunities to help members establish credibility, drive visibility, increase brand awareness and protect goodwill and reputation; promoting the goods and services of others by conducting and administering a compliance program for participating members featuring a searchable database that includes member product information, product specifications, and product images; marketing and promotion services and related

		consulting; providing an online searchable database featuring consumer and business information in the fields of consumer electronics, telecommunications equipment, and computer hardware
PREMIUM HDMI CABLE CERTIFICATION PROGRAM	5286812	IC 042: Scientific and technological services and research and design relating thereto, all in the field of authenticating products that are used to transmit high-performance digital audio and video content; industrial analysis and research services, all in the field of authenticating products that are used to deliver high-performance digital audio and video content; design and development of computer hardware and software; product testing; testing, analysis and evaluation of the goods of others to determine conformity with certification standards; testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; development and establishment of testing specifications and procedures in the field of high-definition and wireless audio and video standards; testing, analysis, and evaluation of the goods of others to assure compliance with high-definition and wireless audio and video industry standards; technical consultation services in the field of high-definition and wireless audio and video standards; testing, analysis, and evaluation of the goods of others to assure compliance with high-definition and wireless audio and video industry standards; technical

		consultation services in the field of engineering; technical consultation services in the field of high-definition and wireless audio and video industry standards; authentication services in the field of devices used to transmit high-performance digital audio and video content; authentication services in the field of cables; design and implementation of software and technology solutions for the purpose of product authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products
PREMIUM HIGH SPEED HDMI CABLE WITH ETHERNET	5142621	IC 009: Cables, namely, electronic cables, audio/video cables, and electronic or telecommunications digital cables.
PREMIUM HIGH SPEED HDMI CABLE	5286833	IC 009: Cables, namely, electronic cables, audio/video cables, and electronic or telecommunications digital cables.
 The image shows the HDMI logo with the text 'HIGH-DEFINITION MULTIMEDIA INTERFACE' below it. Below the logo, the word 'PREMIUM' is written in large, bold, black capital letters, and 'Certified Cable' is written in a smaller, black font.	5453929	IC 009: cables, namely, electronic cables, audio/video cables, and electronic or telecommunications digital cables.

	5205499	IC 009: Cables, namely, electronic cables, audio/video cables, and electronic or telecommunications digital cables.
PREMIUM HDMI CABLE	5286835	IC 009: Cables, namely, electronic cables, audio/video cables, and electronic or telecommunications digital cables.
HDMI	6951567	IC 035: Promoting the goods and services of others by conducting and administering a compliance program to recognize and promote resellers, system integrators, specialty retailers, and companies that sell certain technology compliant products; promoting the goods and services of others by conducting and administering a compliance program for participating members featuring tools, information, and opportunities to help members establish credibility, drive visibility, increase brand awareness and protect goodwill and reputation; promoting the goods and services of others by conducting and administering a compliance program for participating members to develop greater visibility and recognition among retailers, installers, and consumers; Association services,

		development and adoption of a voluntary digital interface specification that provides an interoperable method of connecting computer and communications hardware, consumer electronics devices, components, and peripherals
HDMI	7116554	IC 042: Scientific and technological services and research and design relating thereto, all in the field of authenticating products that are used to transmit high-performance digital audio and video content; industrial analysis and research services, all in the field of authenticating products that are used to deliver high-performance digital audio and video content; design and development of computer hardware; product testing; testing, analysis and evaluation of the goods of others to determine conformity with certification standards; testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; development and establishment of testing specifications and procedures in the field of high-definition and wireless audio and video standards; technical consultation services in the field of engineering; technical consultation services in the field of high-definition and wireless audio and video industry standards; authentication services in the field high-definition and wireless audio and video industry standards; authentication services in the field of devices used to transmit high-performance digital

		audio and video content; authentication services in the field of cables; design and implementation of technology solutions for the purpose of product authentication and tracking, and brand monitoring and protection, to protect against counterfeiting, tampering, and diversion, and to ensure the integrity of genuine products; testing, analysis and evaluation of the goods of others for the purpose of certification; Development and establishment of testing specifications and procedures in the field of digital video, audio, and data interfaces; authentication services in the fields of digital video, audio, and data interfaces
	7138628	IC 009: Cable connectors; electronic connectors; electric cables and components thereof; electronics cables and components thereof; telecommunications cables and components thereof; connection cables and components thereof; data cables and components thereof; audio and video cables and components thereof; integrated circuits and semiconductors; recorded computer software for use as an interface between audio/video sources and audio/video repeater devices; recorded computer software for use as an interface between audio/video sources and audio/video monitors; recorded computer software interface for use in connecting, controlling and networking a wide variety of computer and communications hardware, consumer electronic devices, components, and

		peripherals; recorded computer software for controlling the operation of audio and video devices; computer hardware and peripherals; computer monitors; electric switches; telecommunications switches; television transmitters and receivers;...
	7138629	IC 035: Cable connectors; electronic connectors; electric cables and components thereof; electronics cables and component thereof; telecommunications cables and components thereof; connection cables and component thereof; data cables and components thereof; audio and video cables and components thereof; integrated circuits and semiconductors; recorded computer software for use as an interface between audio/video sources and audio/video repeater devices; recorded computer software for use as an interface between audio/video sources and audio/video monitors; recorded computer software interface for use in connecting, controlling and networking a wide variety of computer and communications hardware, consumer electronic devices, components, and peripherals; recorded computer software for controlling the operation of audio and video devices; computer hardware and peripherals; computer monitors; electric switches; telecommunications switches; television transmitters and receivers; satellite television receiving apparatus; video recorders; audio- receivers, video receivers and audio video

		receivers; televisions; television monitors; computers; video recorders; video disc players; liquid crystal display (lcd) monitors; digital media streaming devices; television and video converters; cameras; computer hardware, namely, wireless network repeaters; telecommunications equipment, namely, fiber optic repeaters; ethernet repeaters; transceivers; telecommunications equipment, namely, converters and optimizers; cable extenders, namely, connection cables for use as extenders; cable modems; Gateway routers in the nature of computer control hardware; set-top boxes; cable boxes
	7139241	IC 035: Association services, namely, promoting the development and adoption of a voluntary digital interface specification that provides an interoperable method of connecting computer and communications hardware, consumer electronics devices, components, and peripherals; Promoting the goods and services of others by conducting and administering a compliance program to recognize and promote resellers, system integrators, specialty retailers, and companies that sell certain technology compliant products; promoting the goods and services of others by conducting and administering a compliance program for participating members featuring tools, information, and opportunities to help members establish credibility, drive visibility, increase brand

		awareness and protect goodwill and reputation; promoting the goods and services of others by conducting and administering a compliance program for participating members to develop greater visibility and recognition among retailers, installers, and consumers
